1. Turnkey Solution

We shoulder the responsibility for all your needs.

- One point of contact gives you better communication
- Hassle and conflict free with no third parties involved
- Project completed to suit you and your time frame
- We handle your statutory requirements e.g. building control, planning, health and safety
- Lower costs

2. In HouseTeam

The personnel who deal with your project are our own in house staff.

- There is only one agenda – satisfying your needs
- Better communication and greater accuracy
- Our own fitters are a guarantee of quality of finish

3. Breadth and Depth of Experience

We have carried out in excess of 800 projects of all sizes and budgets.

- We know how to create a balance between space, efficiency, staff interaction and brand values
- We design to meet your needs
- The diversity of our clients stretch from high profile companies like Coca Cola to smaller companies from a variety of industries. These include pharmaceuticals, legal, engineering, IT, wholesale, marketing, accountancy etc.

4. Happy Clients

We have only satisfied clients. Here is an example of what they say:

Transaction Network Services and Office Interior Solutions worked in partnership from start to finish on the relocation of 75 of our staff to new premises in Wellwyn Garden City, London. Office Interior Solutions came with a pro-active approach and took the time and care to really understand our needs.

With some innovative design they helped us to make the best use of the space in our new premises while providing a more inspiring work environment for our staff. They gave us practical advice and design input that really helped us through the planning phase.

They then commenced the implementation of the project liaising on our behalf with the land lord and their agents. The project was extremely well managed and the Office Interior Solutions team ensured that the project was delivered to a tight timescale and to an excellent standard.

Overall the experience was excellent throughout and Office Interior Solutions took a great deal of the pain away from our business with the results exceeding our expectations. Well done Office Interior Solutions.
